

## **Mini Crawlers**

Used Mini Crawler Vancouver - Our various Mobile Crane Operation programs are meant for experienced operators who needs re-certification or certification, and for inexperienced people who are seeking their very first work as a crane operator. Industry demand for certified crane operators is high all over the country. Positions for crane operators are high due to their high pay. Operators of cranes are among the highest paid of any heavy equipment operator. Our Crane Training Schools include training and instruction for various mobile cranes. Course content comprises Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Rigging, Signaling and Load Charts. The Crane Training School program is suitable for operators, riggers and supervisors. Course materials comprise a manual and informative hand-outs. The safety manual that is illustrated consists of one hundred to two hundred fifty pages, which depends on the course, of useful and important material. Course materials comprise load charts and load chart exercises for the crane with which the trainee is working. More than half of the course comprises Hands-On Safety Training. Practical training is useful for developing and increasing personnel skills levels. Just licensed journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of practice in the business. Optional testing mechanisms are offered for all of our courses. Students would normally write tests both prior to and following training. A test for skills is normally administered for programs that consist of H.O.S.T. Trainees would be tested and graded. Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; In-The Seat Training and Certification & Testing. Industry standards of practice are changing as new business requirements emerge. There are constant updates to legislation and regulations. Improvements in equipment and technology continue to be made. Industry data analysis and collection detect trends which are changing. Members maintain the privilege of managing their certifications and training programs. Mobile device alerts keep members ahead of workplace and personal safety news.
